2023 Recycling Recap - Our Record-Breaking Collection Year

2023 was our best-ever year for waste collections! HADCO's Recycling Division collected over 8 million kilograms of waste materials which is an increase of 33.33% more than 2022.

Clocking in an approximate total of 8,979,030 kilograms of waste collected, our data underscores a great shift in consumers, manufacturers, and business owners alike - Trinidad and Tobago's recycling habits are changing.

Of the eight types of waste material collected, the number one material was corrugated cardboard, and number two was wastepaper. The diagram on the following page illustrates the type of waste and respective quantity processed.

Thank you for joining us as we work towards developing a recycling culture in Trinidad and Tobago.

OUR COLLECTION DATA FOR 2023 UNDERSCORES THAT TRINIDAD AND TOBAGO'S RECYCLING HABITS ARE CHANGING.

WE'D LIKE TO THANK OUR AMAZING STAFF, AND COLLECTION PARTNERS FOR TRUSTING US AS WE CONTINUE OUR MISSION INTO 2024 AND BEYOND."

Kevin Whiteman -
Managing Director,
Recycling Division,
HADCO Group

2023 In Numbers

Ecoimpact collected waste vegetable oil (WVO), and used lead-acid batteries, while New Age Recycling collected cardboard, wastepaper, Tetra Pak, PET plastic, aluminium cans and glass bottles.

8.9 million KG's of waste was proudly diverted from our nation's landfills, drains, oceans, and roadways!

Get Involved!

Thank you, Trinidad and Tobago! May we continue to see a shift in perspectives and behaviours around recycling. Together we can make our country cleaner and greener every day.

Are you an eco-conscious business owner, manufacturer or citizen? Do you want to get involved in responsibly disposing of your waste materials? Please feel free to reach out to HADCO's Recycling Division through the contact numbers below.

For sorted plastics (PET and HDPE), glass, Tetra Pak, aluminium cans, wastepaper, and cardboard inquiries, please contact New Age Recycling at (868) 290-2970 / 2975 or email newagerecycling@hadcoltd.com.

For inquiries about waste vegetable oil (WVO), used lead-acid batteries and end-of-life tyres, please contact Ecoimpact Company Limited at (868) 633-3609 / 673-4395 / 5172 or email ecoimpact.info@hadcoltd.com.
